

Crystal River

At

South Tyneside Open Day - 2009

Frank Moors

Frank has had a growing relationship with Crystal River since meeting Paul and Judith at The British Fly Fair in 2005. During recent times he has tied many custom patterns for specific trips and his growing range of personal patterns are being used extensively around the world.

His fishing interests cover all aspects of fly related fishing from still water to the fast and furious waters of the Russian Kola.

Tying has been a major activity for Frank since the age of 16 and last year he was runner-up in the Fly Tying and Fly Fishing National Competition. In more recent times he has had a number of articles published in the leading journals and has a growing following of anglers chasing him for new patterns and concepts.

Frank will be Tying a number of Shumakov Tube Patterns that featured in the December edition of Trout and Salmon along with many other major patterns using both traditional and modern materials.
